FORWARD-LOOKING STATEMENTS

This report contains information that may constitute “forward-looking statements.” Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which generally are not historical in nature. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future — including statements relating to volume growth, share of sales and net income per share growth, and statements expressing general views about future operating results — are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. Our Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause our Company’s actual results to differ materially from historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, the possibility that the assumptions used to calculate our estimated aggregate incremental tax and interest liability related to the potential unfavorable outcome of the ongoing tax dispute with the United States Internal Revenue Service could significantly change; those described in Part I, “Item 1A. Risk Factors” and elsewhere in this report; and those described from time to time in our future reports filed with the Securities and Exchange Commission.

Part I

ITEM 1. BUSINESS

In this report, the terms “The Coca-Cola Company,” “Company,” “we,” “us” and “our” mean The Coca-Cola Company and all entities included in our consolidated financial statements.

General

The Coca-Cola Company is a total beverage company, and beverage products bearing our trademarks, sold in the United States since 1886, are now sold in more than 200 countries and territories. We own or license and market numerous beverage brands, which we group into the following categories: Trademark Coca-Cola; sparkling flavors; water, sports, coffee and tea; juice, value-added dairy and plant-based beverages; and emerging beverages. We own and market several of the world’s largest nonalcoholic sparkling soft drink brands, including Coca-Cola, Sprite, Fanta, Coca-Cola Zero Sugar and Diet Coke/Coca-Cola Light.

We make our branded beverage products available to consumers throughout the world through our network of independent bottling partners, distributors, wholesalers and retailers as well as our consolidated bottling and distribution operations. Beverages bearing trademarks owned by or licensed to the Company account for 2.2 billion of the estimated 64 billion servings of all beverages consumed worldwide every day.

We believe our success depends on our ability to connect with consumers by providing them with a wide variety of beverage options to meet their desires, needs and lifestyles. Our success further depends on the ability of our people to execute effectively, every day.

We are guided by our purpose, which is to refresh the world and make a difference. Our vision for growth has three connected pillars:

- **Loved Brands.** We craft meaningful brands and a choice of drinks that people love and enjoy and that refresh them in body and spirit.
- **Done Sustainably.** We grow our business in ways that achieve positive change in the world and build a more sustainable future for our planet.
- **For a Better Shared Future.** We invest to improve people’s lives, from our employees to all those who touch our business system, to our investors, to the communities we call home.

The Coca-Cola Company was incorporated in September 1919 under the laws of the State of Delaware and succeeded to the business of a Georgia corporation with the same name that had been organized in 1892.

Operating Segments

The Company's operating structure is the basis for our internal financial reporting. Our operating structure includes the following operating segments:

- Europe, Middle East and Africa
- Latin America
- North America
- Asia Pacific
- Global Ventures
- Bottling Investments

Additionally, our operating structure includes operating units, which sit under our four geographic operating segments. The operating units are focused on regional and local execution and are highly interconnected, with the goal of eliminating duplication of resources and scaling new products more quickly. The operating units work closely with five global marketing category leadership teams to rapidly scale ideas while staying close to the consumer. The global marketing category leadership teams primarily focus on innovation as well as marketing efficiency and effectiveness.

Our operating structure also includes Corporate, which consists of two components: (1) a center focusing on strategic initiatives, policy, governance and scaling global initiatives, and (2) a platform services organization supporting the operating units, global marketing category leadership teams and the center by providing efficient and scaled global services and capabilities, including, but not limited to, transactional work, data management, consumer analytics, digital commerce and social/digital hubs.

For additional information about our operating segments and Corporate, refer to Note 20 of Notes to Consolidated Financial Statements set forth in Part II, "Item 8. Financial Statements and Supplementary Data" of this report.

Except to the extent that differences among operating segments are material to an understanding of our business taken as a whole, the description of our business in this report is presented on a consolidated basis.

Products and Brands

As used in this report:

- "concentrates" means flavorings and other ingredients which, when combined with water and, depending on the product, sweeteners (nutritive or non-nutritive) are used to prepare syrups or finished beverages, and includes powders/minerals for purified water products;
- "syrups" means intermediate products in the beverage manufacturing process produced by combining concentrates with water and, depending on the product, sweeteners (nutritive or non-nutritive);
- "fountain syrups" means syrups that are sold to fountain retailers, such as restaurants and convenience stores, which use dispensing equipment to mix the syrups with sparkling or still water at the time of purchase to produce finished beverages that are served in cups or glasses for immediate consumption;
- "Company Trademark Beverages" means beverages bearing our trademarks and certain other beverages bearing trademarks licensed to us by third parties for which we provide marketing support and from the sale of which we derive an economic benefit; and
- "Trademark Coca-Cola Beverages" or "Trademark Coca-Cola" means nonalcoholic beverages bearing the trademark Coca-Cola or any trademark that includes Coca-Cola or Coke (that is, Coca-Cola, Diet Coke/Coca-Cola Light and Coca-Cola Zero Sugar and all their variations and any line extensions, including caffeine free Diet Coke, Cherry Coke, etc.). Likewise, when we use the capitalized word "Trademark" together with the name of one of our other beverage products (such as "Trademark Fanta," "Trademark Sprite" or "Trademark Simply"), we mean nonalcoholic beverages bearing the indicated trademark (that is, Fanta, Sprite or Simply, respectively) and all its variations and line extensions (such that "Trademark Fanta" includes Fanta Orange, Fanta Zero Orange, Fanta Zero Sugar, Fanta Apple, etc.; "Trademark Sprite" includes Sprite, Sprite Zero Sugar, etc.; and "Trademark Simply" includes Simply Orange, Simply Apple, Simply Grapefruit, etc.).

Our Company operates in two lines of business: concentrate operations and finished product operations.

Our concentrate operations typically generate net operating revenues by selling beverage concentrates, sometimes referred to as "beverage bases," syrups, including fountain syrups, and certain finished beverages to authorized bottling operations (to which we typically refer as our "bottlers" or our "bottling partners"). Our bottling partners either combine concentrates with still or
